Edward T. Newell, Esq.,
Am. Numismatic Soc.
New York,

Dear Mr. Newell;

Your telegram of Nov. 13th inst. received this morning as I reside in Boston, Mass. The telegram you mention in your second ^{one} has not come to hand, kindly investigate and see where your first one has gone, they do not know about it here at the Western Union office. This morning an investigation was forwarded to New York City postmaster and within ten days will hear regarding the coins, and if you have anything new in the meantime kindly let me know.

Will a communication from you to the Postmaster at New York do you think may aid the situation?

Yours truly,
A. G. Anastasis

Dr. Anastasius G. Augustin,
167 West 71st Street,
New York.

Dear Dr. Augustin:-

I am enclosing herewith Mr. Newell's visiting card. He was here for a short time only today about two o'clock, and consequently I could not telephone you as requested yesterday. He asked me to apologize for the card but it is the only one he had with him.

Very truly yours,

Secretary.
